Third Quarter 2022 Financial Results (unaudited)

November 8, 2022

Disclaimer

This presentation and the accompanying oral presentation include “forward-looking statements,” that reflect our current expectations and views of future events. These forward-looking statements are made under the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995 and include but are not limited to, statements regarding our financial outlook, future guidance, product development, business strategy and plans, and market trends, opportunities and positioning. These statements are based on current expectations, assumptions, estimates, forecasts, projections and limited information available at the time they are made. Words such as “expect,” “anticipate,” “should,” “believe,” “hope,” “target,” “project,” “goals,” “estimate,” “potential,” “predict,” “may,” “will,” “might,” “could,” “intend,” “shall,” “outlook,” “on track,” and variations of these terms or the negative of these terms and similar expressions are intended to identify these forward-looking statements, although not all forward-looking statements contain these identifying words. Forward-looking statements are subject to a broad variety of risks and uncertainties, both known and unknown. Any inaccuracy in our assumptions and estimates could affect the realization of the expectations or forecasts in these forward-looking statements. For example, our business could be impacted by the COVID-19 pandemic and supply chain disruptions due to the Russia/Ukraine conflict and actions taken in response to such events; the market for our products may develop more slowly than expected or than it has in the past; our operating results may fluctuate more than expected; there may be significant fluctuations in our results of operations and cash flows related to our revenue recognition or otherwise; a network or data security incident that allows unauthorized access to our network or data or our customers’ data could damage our reputation; we could experience interruptions or performance problems associated with our technology, including a service outage; and global economic conditions could deteriorate, including due to increasing interest rates, rising inflation, and any potential recession. It is not possible for us to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results or outcomes to differ materially from those contained in any forward-looking statements we may make. Moreover, we operate in a competitive and rapidly changing market, and new risks may emerge from time to time. You should not rely upon forward-looking statements as predictions of future events. These statements are based on our historical performance and on our current plans, estimates and projections in light of information currently available to us, and therefore you should not place undue reliance on them.

Although we believe that the expectations reflected in our statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances described in the forward-looking statements will be achieved or occur. Moreover, neither we, nor any other person, assumes responsibility for the accuracy and completeness of these statements. Recipients are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date such statements are made and should not be construed as statements of fact. Except to the extent required by federal securities laws, we undertake no obligation to update any information or any forward-looking statements as a result of new information, subsequent events, or any other circumstances after the date hereof, or to reflect the occurrence of unanticipated events. For a discussion of potential risks and uncertainties, please refer to the risk factors and cautionary statements in our 2021 Annual Report on Form 20-F, current reports on Form 6-K and other reports filed with the Securities and Exchange Commission. Copies of our SEC filings are available on our Investor Relations website, investors.gf.com, or from the SEC website, www.sec.gov.

This presentation and the accompanying oral presentation also contain estimates and other statistical data made by independent parties and by us relating to market size and growth and other data about our industry and business. This data involves a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates. We have not independently verified the industry data generated by independent parties and contained in this presentation and, accordingly, we cannot guarantee their accuracy or completeness. In addition, projections, assumptions, and estimates of our future performance and the future performance of the markets in which we compete are necessarily subject to a high degree of uncertainty and risk.

In addition to the financial information presented in accordance with IFRS, this presentation and the accompanying oral presentation include the following adjusted non-IFRS metrics: adjusted gross profit, adjusted operating profit, adjusted net income (loss), adjusted diluted earnings (loss) per share (“EPS”), adjusted EBITDA, adjusted operating margin and adjusted EBITDA margin. We define adjusted gross profit (loss) as gross profit (loss) adjusted for share-based compensation expense. We define adjusted operating profit (loss) as profit (loss) from operations adjusted for share-based compensation expense. We define adjusted net income (loss) as net income (loss) adjusted for share-based compensation expense. We define adjusted diluted EPS as adjusted net income (loss) divided by the dilutive shares. We define adjusted EBITDA as net income (loss), adjusted for the impact of finance expense, finance income, income tax expense, depreciation, amortization, share-based compensation expense, transaction gains and associated expenses, restructuring charges and litigation settlements. We define adjusted operating margin as adjusted operating profit (loss) divided by net revenue. We define adjusted EBITDA margin as adjusted EBITDA divided by net revenue.

We believe that in addition to our results determined in accordance with IFRS, these adjusted non-IFRS measures provide useful information to both management and investors in measuring our financial performance and condition and highlight trends in our business that may not otherwise be apparent when relying solely on IFRS measures. These adjusted non-IFRS financial measures provide supplemental information regarding our operating performance that excludes certain gains, losses and non-cash charges that occur relatively infrequently and/or that we consider to be unrelated to our core operations. For further information regarding these non-IFRS measures, please refer to the Appendix.

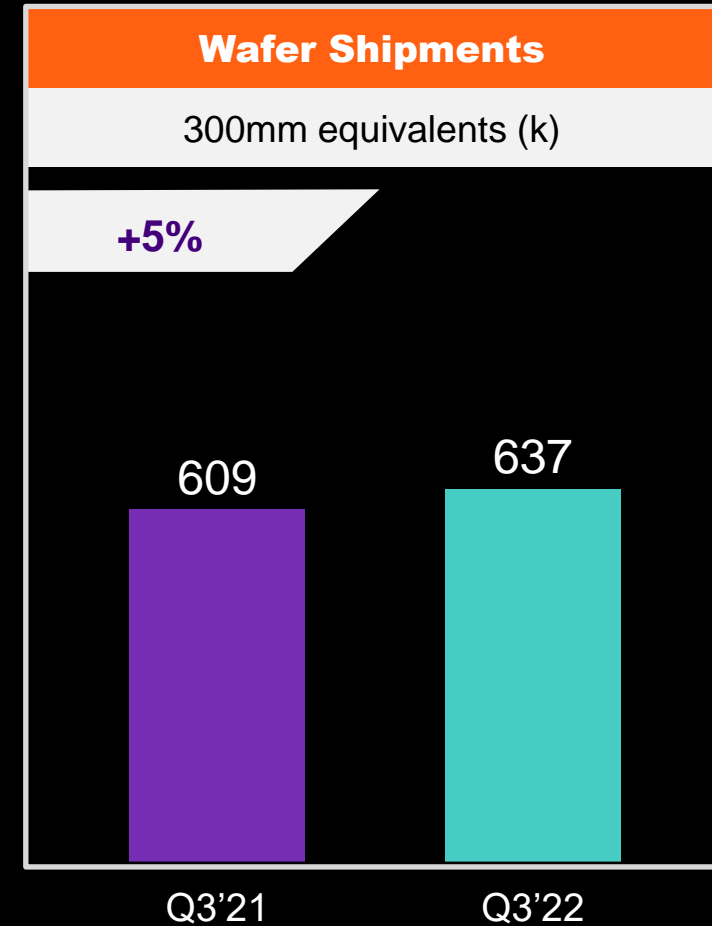

Adjusted non-IFRS financial information is presented for supplemental informational purposes only and should not be considered in isolation or as a substitute for financial information presented in accordance with IFRS. Our presentation of adjusted non-IFRS measures should not be construed as an inference that our future results will be unaffected by unusual or nonrecurring items. Other companies in our industry may calculate these measures differently, which may limit their usefulness as a comparative measure.

Q3'22 Results

Key Q3'22 Results

(Unaudited)

Note:

We define adjusted EBITDA as net income (loss), excluding the impact of finance income, finance expense, income tax expense, depreciation, amortization, share-based compensation expense, transaction gains and associated expenses, restructuring charges and litigation settlements; a reconciliation of adjusted non-IFRS to IFRS metrics can be found in the Appendix. Effective Q3'22, the Company has revised its definition of Adjusted EBITDA to include an adjustment for finance income.

Key Recent Announcements

GF qualified a proprietary automotive eNVM product for one of the largest automotive MCU suppliers in the industry. The qualification allows GF to ship this product from both the Dresden and Singapore facilities, establishing a high-volume, secure supply chain for the automotive industry.

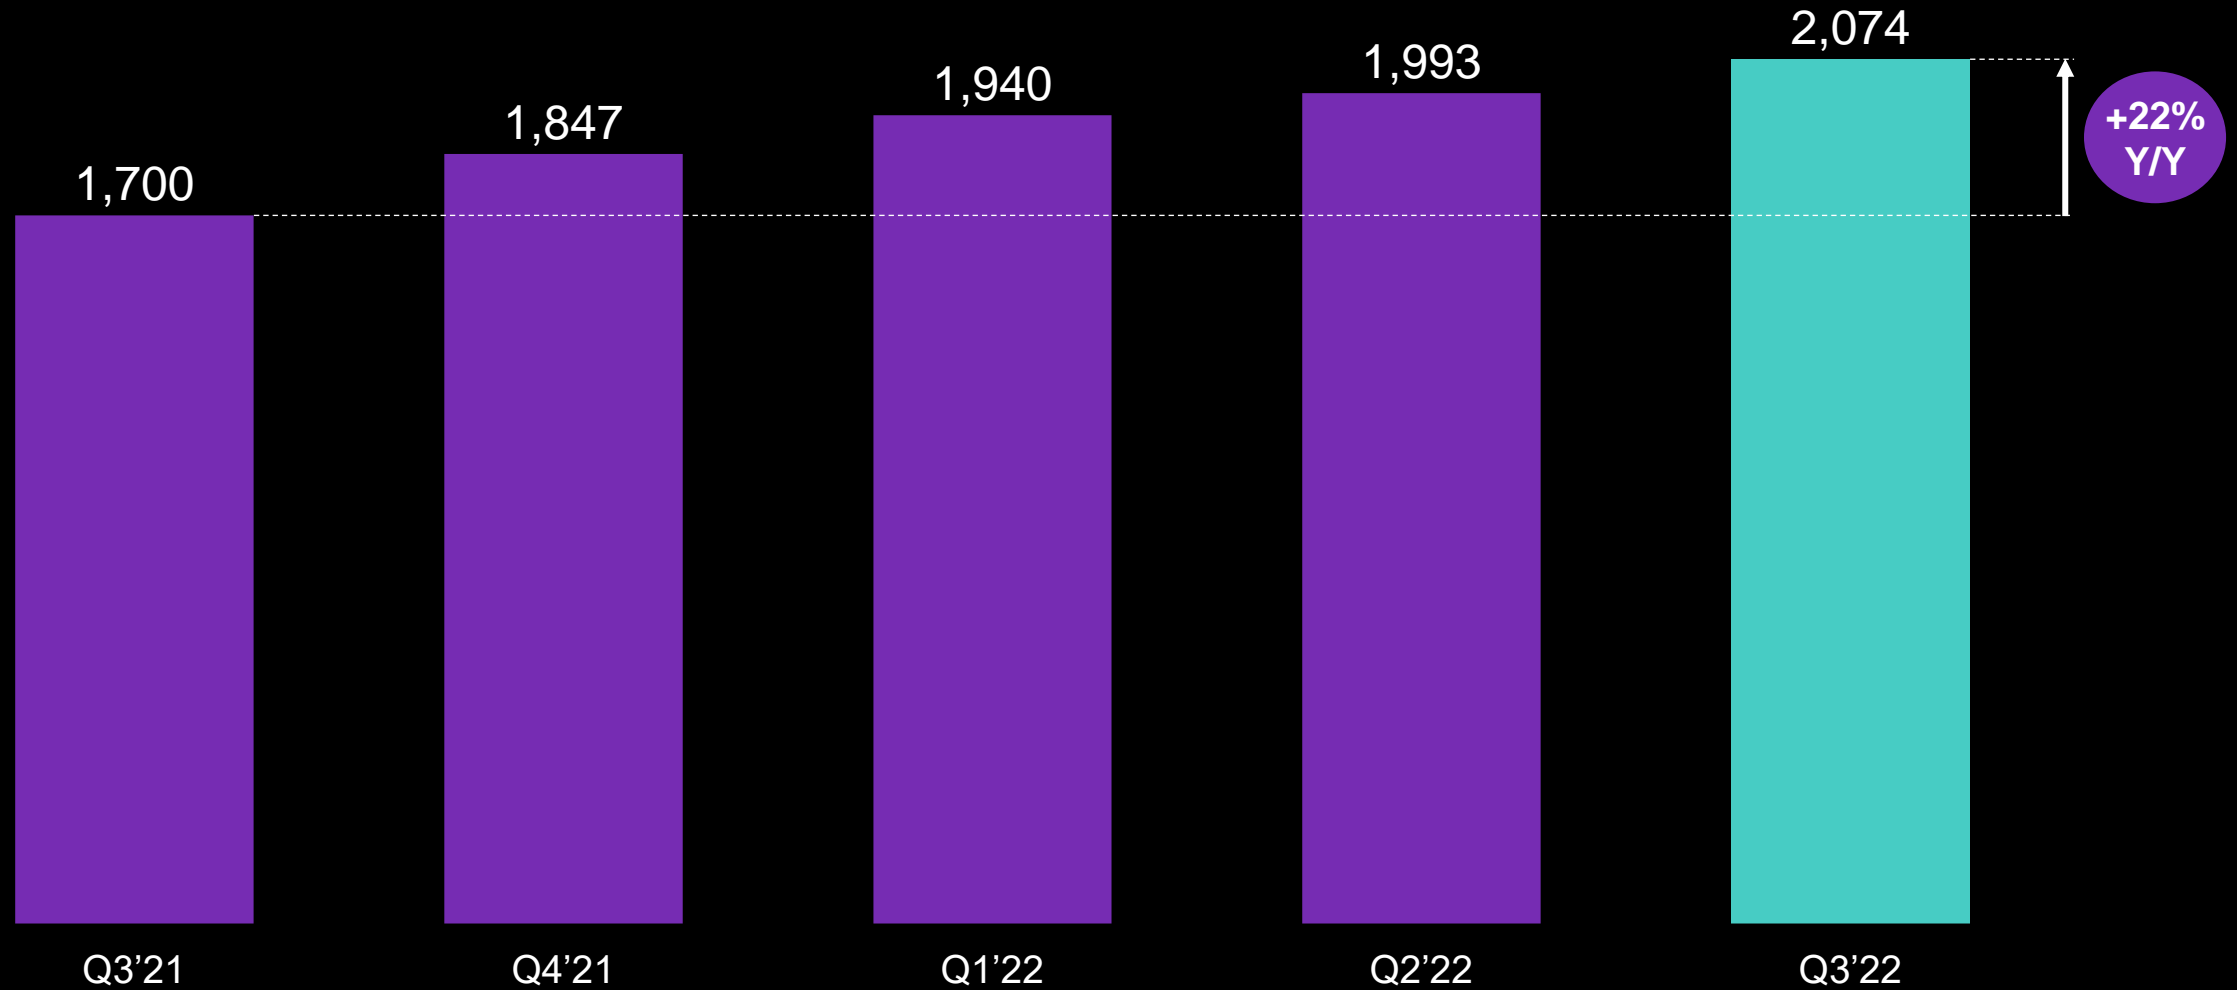

U.S. Senator Patrick Leahy and GF announced the award of \$30m in federal funding to advance the development and production of next-generation gallium nitride (GaN) on silicon semiconductors at GF's facility in Essex Junction, VT.

GF announced that the company has been added to the Philadelphia Stock Exchange Semiconductor Index (SOX) effective Monday, September 19, 2022.

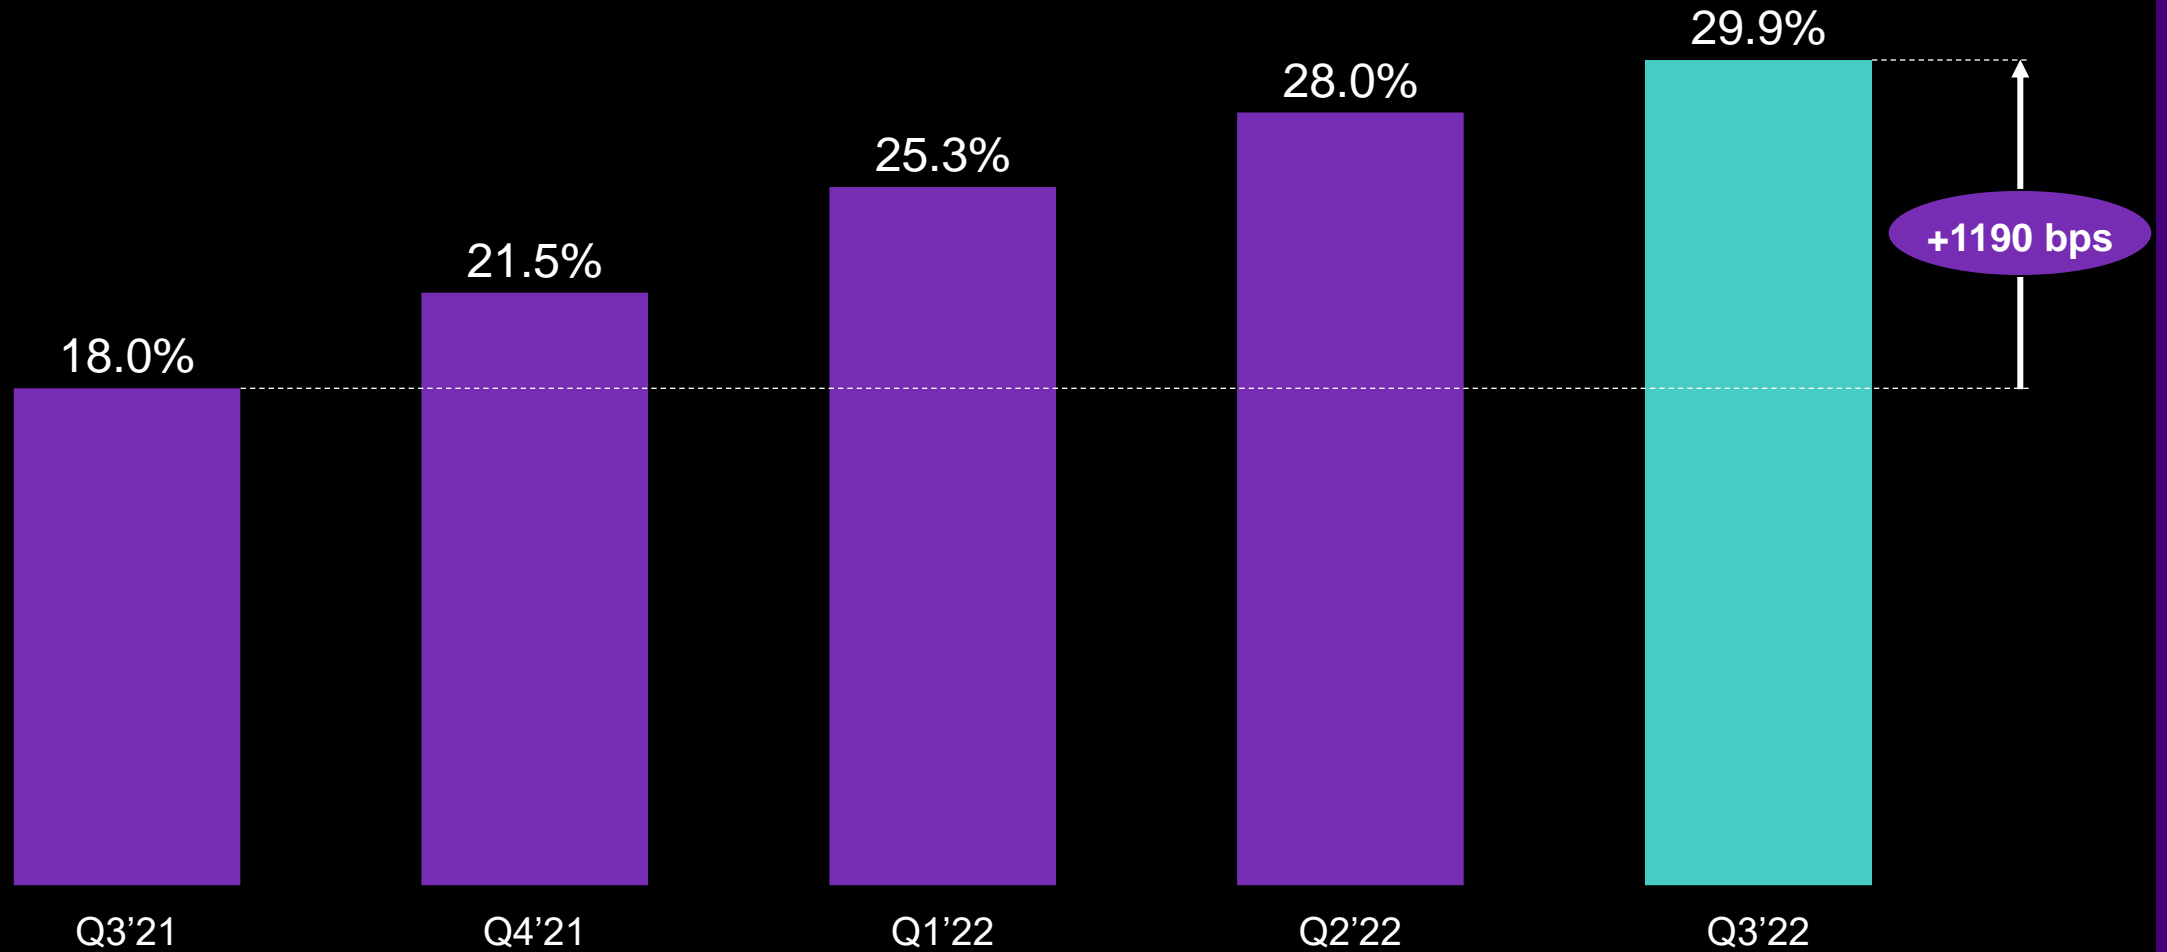

Quarterly Revenue Trend

(Unaudited, Millions USD)

Adjusted Gross Margin Trend

(Unaudited)

Note:

Adjusted gross profit (loss) for a particular period is defined as gross profit (loss) adjusted for share-based compensation expense; adjusted gross margin is adjusted gross profit divided by revenue. Please see Appendix for a reconciliation of adjusted non-IFRS to IFRS metrics.

Adjusted EBITDA Margin Trend

(Unaudited)

Note:

We define adjusted EBITDA as net income (loss), excluding the impact of finance expense, income tax expense, depreciation, amortization, share-based compensation expense, transaction gains and associated expenses, restructuring charges and litigation settlements. Adjusted EBITDA margin is adjusted EBITDA divided by revenue. See Appendix for a reconciliation of adjusted non-IFRS metrics to IFRS metrics. The Company has revised its definition of Adjusted EBITDA to include an adjustment for finance income.

Note:

⁽¹⁾ Adjusted gross profit, adjusted operating profit (loss), adjusted net income (loss), adjusted diluted EPS, and adjusted EBITDA are adjusted non-IFRS metrics; please see the reconciliation of IFRS to adjusted non-IFRS metrics in the Appendix.

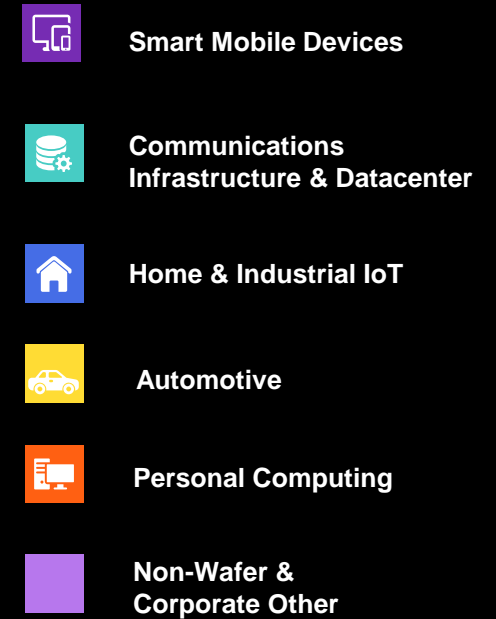

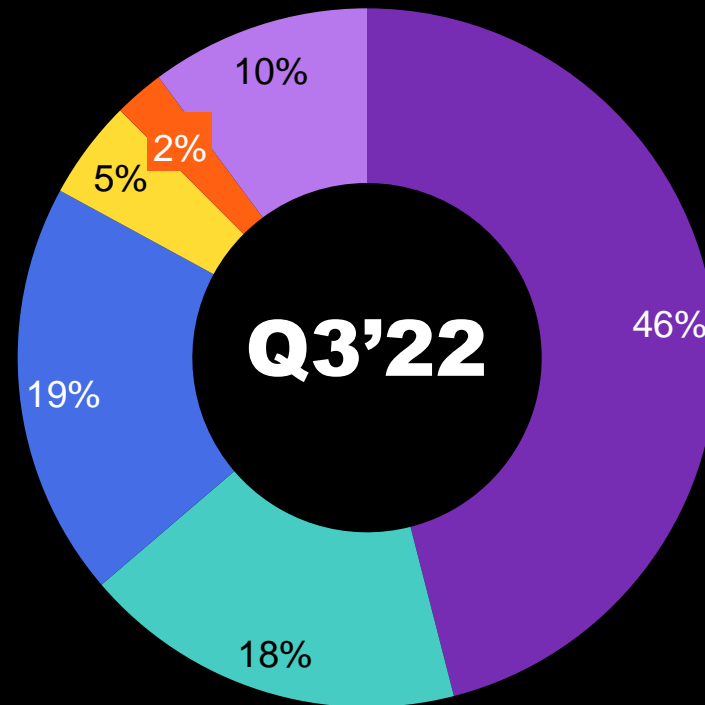

⁽²⁾ Beginning in Q3 2022, the Company has revised its definition of adjusted EBITDA to include an adjustment for finance income. The change was made due to the Company making an investment during Q2 2022 of approximately \$1 billion in marketable securities. The Company believes the revised definition provides management and investors more useful information to evaluate the operations of our business. Adjusted EBITDA is now defined as net income (loss), adjusted for the impact of finance expense, finance income, income tax expense, depreciation, amortization, share based compensation expense, transaction gains and associated expenses, restructuring charges and litigation settlement.

Notes:

The guidance provided above contains forward-looking statements as defined by the Private Securities Litigation Reform Act of 1995 and is subject to the safe harbors created therein. The guidance includes management's beliefs and assumptions and is based on information currently available. GF has not provided a reconciliation of its Fourth Fiscal Quarter outlook for adjusted Non-IFRS EBITDA and related Margin because estimates of all of the reconciling items cannot be provided without unreasonable efforts. Certain factors that are materially significant to GF's ability to estimate these items cannot be reasonably predicted.

Adjusted gross profit (loss), adjusted operating profit (loss), adjusted net income, and adjusted diluted EPS for a particular period are non-IFRS metrics and are defined as gross profit (loss), operating profit (loss), net income, and EPS before share-based compensation expense, respectively.

We define adjusted EBITDA as net income (loss), excluding the impact of finance income, finance expense, income tax expense, depreciation, amortization, share-based compensation expense, transaction gains and associated expenses, restructuring charges and litigation settlements.

Adjusted margins are non-IFRS metrics and are defined as adjusted profit (loss) divided by revenue for a particular period (using definitions of adjusted gross profit, adjusted operating profit, adjusted net income, and adjusted EBITDA as appropriate).

Gain on sale for the sale of the East Fishkill (EFK) facility effective 12/31/22

Note:

In 2020, the majority of our customer contractual terms were amended in a manner that resulted in moving from recognizing wafer revenue on a Percentage-of-Completion basis to recognizing revenue on a Wafer Shipment basis. This resulted in a one-time, non-recurring reduction in net revenues recognized in 2020. Had the change in terms not occurred, net revenues for the quarters ended September 30, 2020 and December 31, 2020 would have been an estimated \$309 million and \$501 million higher than reported results, respectively.
